3. Vacanza Travel Insurance included

Persons insured with Visana Insurance Ltd who have the supplementary insurance Outpatient or Hospital and/or Basic are automatically insured for eight weeks per journey under the Vacanza scheme. This inclusion is cancelled if the obligatory health insurance according to the Federal Law on Health Insurance expires and/or the insured person's legal domicile is transferred outside Switzerland. The factors determining cessation of Vacanza cover are the date of cancellation of the obligatory health insurance or the transfer of domicile as the case may be. Contracts made with insured persons paying premiums separately are not affected by this rule: Such insurance policies remain valid according to the dates on the appropriate payment slip (see also part A, art. 1.4, paragraph 2).

1.3 How can I obtain insurance?

1. Individual insurance

To obtain individual insurance use the preprinted payment slip (ESR). The "Visana On-the-spot Service Certificate", with the receipt stamped by the post office, is the basis for

the insurance. The person named on the payment slip is insured.

2. Collective insurance

For collective insurance the rules in the contract regarding applying for insurance, certificate of insurance, scope and payment of premiums apply. For stays longer than eight weeks see part A, art. 1.4, paragraph 2.

1.4 When and where is the insurance valid?

1. Validity

The insurance is valid outside the borders of Switzerland without geographical restriction worldwide.

2. Duration of insurance

The insurance is valid for a maximum of eight weeks per journey. For longer durations supplementary insurance is necessary.

3. Commencement and expiry of cover

Insurance cover commences in each case on departure from Switzerland (a precondition is previous payment of the premiums); on returning to Switzerland it ceases to be effective.

4. Special conditions

In the case of specially agreed group travel and group insurance duration, commencement and end of insurance are determined by the applicable agreement or group contract.

5. Details concerning duration of journey

When requested by Visana Insurance Ltd the insured must give further details and documents relevant to the duration of the journey.

6. What happens if you stay abroad longer than intended?

In the case of an extended enforced stay due provably to outside circumstances you are insured for up to six months beyond the expiration of the insurance.

2. Insurance Benefits

2.1 What benefits are paid by the insurance for medical costs and medicaments?

1. Through this additional insurance

Vacanza Travel Insurance is an indemnity insurance. Under this supplementary insurance, Visana Insurance Ltd will pay the non-covered portion of inpatient and outpatient treatment costs incurred abroad as a result of illness, accident or unexpected childbirth for a maximum period of six months from the start of treatment, provided it is unreasonable to expect the insured person to travel back to Switzerland.

Visana Insurance Ltd reserves the right to have insured persons moved to a Swiss hospital at its expense after consulting the attending physicians.

2. What further costs are insured?

The following costs incurred abroad are regarded as costs for medical treatment and medicaments. They are insured taking into account possible benefits of the health insurance.

1. Dental treatment

Costs for emergency treatment, which cannot be postponed till you return.

2. Transportation costs

Costs for emergency transport to the nearest suitable hospital. Inasmuch as the Medical doctor deems it necessary the patient can be subsequently repatriated under medical supervision, or depending on medical condition and distances involved immediately, and brought to a hospital near his place of residence. A condition for the acceptance of these costs is that the Medical doctor must decide when and how the patient will be repatriated. If the patient decides for personal reasons to continue treatment at his place of residence or in a neighboring country he has to meet the cost of transport himself.

3. Search, rescue and recovery

Cost of search, rescue and recovery: up to a total of CHF 25,000.-.

4. Death

Transport of the mortal remains or of an urn (to the former place of residence).

5. Additional travel expenses

Documented additional travel expenses for extended stays in hotels and similar expenses (exclusions in art. 2.2, paragraph 2) up to CHF 2,000.-.

6. Hospital visit

If the insured is in hospital abroad for more than 14 days: costs for a hospital visit by one family member up to maximum CHF 3,000.- (receipts necessary).

7. Contribution to repetition of journey

If the insured has to be repatriated as a result of accident or illness:

CHF 1,000.- as a contribution to repeating the interrupted private journey. This sum will be paid to the insured if he is repatriated by Medical AG 30 days after repatriation without further notice. A precondition for this payment is that in every case the repatriation is carried out by Medical AG (see also art. 2.1, paragraph 2.2).

3. What costs are not insured?

If you go abroad for the purpose of treatment for an illness or for the consequences of an accident, to give birth or to have an abortion these costs are not insured even if the health insurance accepts such expenses on the basis of the obligatory health insurance scheme. Funeral expenses are not insured, even if benefits are payable according to part A, art. 2.1, paragraph 4. Contractual or legal participation and fixed charges of the obligatory health insurance are not insured.

4. What if you have no health insurance cover?

If for any reason there is no cover through health insurance or Federal Accident Law only 50% of the documented total cost of hospital and outpatient treatment will be refunded by Visana Insurance Ltd if incurred through sickness or accident. Other benefits will not be granted in this case.

5. What is the legal situation when other insurers or third parties also provide benefits?

- If you are insured by the SUVA, an insurer according to paragraph 68 of the Federal Accident Law, the Federal Invalid Insurance or the Military Insurance, Visana Insurance Ltd will only reimburse costs of treatment which are not already covered by these other insurers.
- If you have a policy with another chartered insurance company (private insurance) the cost of treatment will only be refunded once. The claim for reimbursement of such costs exists only in proportion to which the

costs covered by Visana Insurance Ltd stand to the total sum of the benefits covered by all insurers.

- If a liable third party or his insurance has reimbursed the cost of treatment there exists no claim on Visana Insurance Ltd. If a claim is lodged with Visana Insurance Ltd instead of a liable third party the insured must cede his claim on the third party to the Visana Insurance Ltd to the extent of benefits paid.

2.2 What services does the Visana On-the-spot Service offer?

All persons insured by Vacanza Travel Insurance benefit from the services of Medical AG, Zürichstrasse 38, 8306 Brütisellen.

1. Visana On-the-spot Service

If you are forced to remain more than 24 hours in hospital or you have need of special treatment because of sickness or accident:

If you are insured by Visana you may claim reimbursement of the difference through the health insurance (when you make your claim refer to the travel insurance policy).

This must be initiated within 20 days of receipt of Protekta's decision, whereby the insured is solely responsible for observing this deadline. If he does not initiate an arbitration process within the aforementioned period, this shall be deemed to be a waiver. The costs of this arbitration process must be paid in advance by the parties, with each paying half, and shall be borne by the losing party.
3. The arbitrator shall be an independent and competent person chosen jointly by the insured and Protekta. The provisions of the Swiss Civil Procedure Code (CPC/ZPO) shall apply.
